Proposal / Pitch																																																																																								
Group Sign Up					Name					100%					2/1/23					2/3/23																																																																				
Brainstorm										100%					2/3/23					2/24/23																																																																				
Status Update #1										100%					2/5/23					2/10/23																																																																				
Research Idea										100%					2/10/23					2/24/23																																																																				
Formal Proposal										50%					2/20/23					2/24/23																																																																				
Build 1																																																																																								
Order Parts															2/27/23					3/10/23																																																																				
Build Structures															3/1/23					3/10/23																																																																				
Brainstorm Any Extra Sensors / etc.															3/10/23					3/13/23																																																																				
Order New Parts (If-Needed)															3/13/23					3/19/23																																																																				
Status Update #2															2/27/23					3/10/23																																																																				
Build 2																																																																																								
Complete Non-Functional Model															3/1/23					3/22/23																																																																				
Attatch Motor/Sensors/Lights															3/20/23					3/24/23																																																																				
Wiring / Working Electronics															3/20/23					3/24/23																																																																				
Begin Coding															3/20/23					3/24/23																																																																				
Status Update #3															3/20/23					3/24/23																																																																				
Completion Phase																																																																																								
Design / Code Web Interface for Control															3/25/23					4/5/23																																																																				
Test Working Prototype															4/3/23					4/6/23																																																																				
Fine-Tune-Adjustments															4/3/23					4/6/23																																																																				
Comprehensive Progress Report															4/4/23					4/7/23																																																																				
Functional Prototype Presentation															5/1/23					5/1/23																																																																				
Final Report (Due At Noon)															5/1/23					5/5/23
